👤 Profile

I am a senior associate with 6 years of experience in accounting. I have completed my studies of accounting from a renowned university. I have gained skills in javascript, React.js, MySQL, Node.js and Microsoft Power BI during my tenure.Passionate about technology and driven to make things work, I am constantly seeking opportunities to expand my skills and knowledge. Although my current role is in an accounting firm, I am dedicated to learning coding and applying it in my work. I am a proactive learner and always looking for ways to enhance my skills and contribute to the success of the team.
